

Cinque Port Town of New Romney

F.O.C.U.S. New Romney

Future of Our Community Under Scrutiny

The Town Council intends to help create a New Romney Town Development Plan. This community project will encompass all aspects of living in New Romney. The document will help identify those areas we wish to preserve, together with aspects that need improvement and enhancement. It may help initiate key projects to regenerate the area

To start this process we need your help. Firstly, we need to collect opinions from individuals and organizations in New Romney, Littlestone and Greatstone – so please take time to consider and respond to these questions.

Completed forms should be returned to the Town Hall or back to where you obtained this copy.
